

SUMMIT PARK MAY 2012 NEWSLETTER

Dumpster Days are coming, Saturday and Sunday, June 2 & 3. Dumping is free to all paid member of the Homeowner Association. We will have a green dumpster for trees, plants etc. so keep separate. We will collect E-waste and take it to the Recycling Center, there is a charge for each item. No hazardous waste. Each member can dump two loads. We can use volunteers in 3 hour shifts, 8 AM to 5 PM.

There will be a road cleanup that Saturday, June 2, the Scouts are helping with the frontage road but everybody should get out and clean their street. We will have special bags and free dumping for the road cleanup people.

Summit County will not be working on Parkview Drive this year but will completely re do Aspen Drive. Their trucks and backhoes are there and so you will be dodging trucks if you live on Aspen Drive. They started early and I am not sure of the length of the project.

It is so nice to have an early summer and people are hiking and walking. Be sure to slow down and stay under the speed limit, take care of our community. If you are hiking and find debris or other things on our trails, let the SPHA know so we can try to take care of it.

Our TREE BOUNTY is on again this Summer. Go to the Website summitparkutah.net for more information.

Have a Great May 7 & Take Advantage of Dumpster Days to get rid of Trash.
